

# Three Gorges Energy Power Generation Wind Power Cooperation

What is China Three Gorges?

China Three Gorges (CTG) has been through a critical energy transition in the past decade. It is poised to become the most significant offshore wind developer and a renewable heavyweight in China, while formerly only known for its world-class hydropower assets.

Will China Three Gorges be sanctioned by the US?

As the Pentagon added China Three Gorges into the "People's Liberation Army (PLA) Controlled List", the firm is now facing potential sanction measures from the US. Being in the PLA-Controlled list does not entail sanction measures. But it is a threat from Washington of sanction, which would also have impacts.

Is offshore wind a key facilitator of long-term climate goals in China?

An analyst said the offshore wind sector is considered a key facilitator of long-term climate goals in China, as the country is going full throttle to develop renewable energy to meet its ambitious carbon peak goals by 2030.

Is CTG the most dominant offshore wind developer in China?

By now, CTG has some 1.78GW turbine put up in the sea. That number is like to raise to 6GW, and the firm still has 8GW pipeline in reserved. These figures mean that CTG is soon to be the most dominant offshore wind developer in China.

Which OEMs supply the largest offshore wind turbines in China?

In the 77.4MW Xnghua Bay Project (Phase I) in Fujian, CTG has chosen eight OEMs to supply then-largest turbines (5-6.7MW) in China. The Phase II project has put up so far the largest offshore wind turbines in China: the 8MW and 10MW machine of Goldwind and Dongfang Electric. [READ More: our analysis of Chinese OEMs' 10MW Turbine R&D]

How does a wind energy company work?

The company follows a two-pronged approach of independent development as well as cooperation, mergers and acquisitions, to accelerate its wind, solar and other alternative energy business to fulfill its three-step development goal as part of its efforts to grow itself into a world-class new energy firm.
