

Trinity Solar Photovoltaic Panel Maintenance

What is solar panel care?

Call our team now to discuss our solar panel care provision in greater detail. An integral part of your solar panel maintenance agreement is the routine inspection that keeps your system in good working order, identifying any damage or problems and putting solar panel system repairs into effect straight away.

What's included in our solar power maintenance programme?

What's included in our solar power maintenance programme? UPS Solar operates a comprehensive maintenance programme for solar power systems anywhere in the UK, which includes a full inspection of the panels themselves, along with the inverters and battery storage systems. Call our team now to discuss our solar panel care provision in greater detail.

What does a solar maintenance service cover?

A solar maintenance service will likely cover things like: Please note that if you believe your panels do need visually inspecting you should always leave this to a professional as carrying out any work on a roof can be extremely dangerous.

Do solar panels need maintenance?

Some solar manufacturers and installers will offer a maintenance package or contract, so if you are concerned about ensuring your panels are maintained this could be something to consider. A solar maintenance service will likely cover things like:

How much does a solar panel service cost?

A solar panel service will set you back around £100, but it will also prevent any possible future issues for your solar panel system, and hopefully, lead to 30 long years of solar-soaking panels. Cleaning your solar panels will also help avoid issues, and if you don't want to do this yourself, solar panel cleaning costs £100-£150.

Do solar panels need maintenance in the UK?

Solar panels in the UK do not typically need extra maintenance, since the UK climate is generally favourable to them. According to manufacturers' standards, 25°C is the optimum temperature for solar panels to operate - so the UK summertime is the prime time for your panels.
