

Mit bis zu 38 % weniger Gewicht im Vergleich zu Alkalischen sind VARTA ULTRA Lithium-Batterien perfekt für den Sport- und Outdoor-Einsatz geeignet und funktionieren auch unter extremen Bedingungen hervorragend. Sie können sich auf unsere zuverlässige Qualität verlassen, unabhängig davon, ob Sie mit ihren Kindern Walkie-Talkie spielen, oder mit Ihrer ...

VARTA's ULTRA Lithium assortment fulfills highest quality and performance demands in all areas of modern life. The perfect solution for energy-intensive fields of application like digital cameras, walkie talkies and smoke detectors. Lithium batteries also work exceptionally well ...

VARTA was founded by Adolf Müller in 1887, and established in 1904 as a subsidiary of Accumulatoren-Fabrik AFA. [1] After World War I, VARTA together with AFA was acquired by German industrialist Günther Quandt and industrialist and VARTA CEO Dr. Carl Hermann Roderbourg. [2] After World War II, most of the VARTA shares passed from Günther Quandt to ...

You need flexibility and independence? Then you live a life which is supported by our products. For almost every need VARTA delivers you the precise and right energy you expect - with a commitment to new, dynamic and high-performing innovations. ... ULTRA Lithium AAA. Suitable for extremely Cold Temperatures. ... DETAILS. VARTA Type: 6103 ...

Claus Fischer, Manager Prototyping & Technology Lithium VARTA AG. Research projects. CoFBAT. ... as well as a process for the production of mechanically and structurally stable three-dimensional silicon anodes for Li-Ion batteries. In addition to a significantly higher storage capacity of the cells, the use of copper should be massively reduced ...

Varta CR2 Lithium Batteries are a premium choice for power and reliability, catering to both commercial and individual needs. This convenient 10-pack is an economical choice for those in need of high-quality batteries for a variety of devices. Engineered for consistent performance, Varta CR2 batteries ensure that your equipment operates at peak ...

With up to 38 % reduced weight in comparison to alkaline VARTA ULTRA Lithium batteries are perfect for sport and outdoor usage and work exceptionally well under extreme conditions. You can rely on them whether you're playing with your kids using walkie talkies or take pictures with your digital camera on an adventure trip with extreme temperatures.

VARTA CoinPower Lithium-Ion cells have a high energy density compared to other systems, as well as high cycle life (3.7 V system). ... For all these applications VARTA offers a range of Lithium-Ion button cells and battery ...

Varta lithium batteries

VARTA's Lithium assortment fulfills highest quality and performance demands in all areas of modern life. As perfect solution for energy-intensive applications, Lithium batteries work exceptionally well under extreme conditions. VARTA Lithium batteries master temperature ranges from -20 degrees Celsius up to +60 degrees Celsius.

The VARTA Lithium Round sells are available for most demanded battery sizes; Offers best performance parameters for high power and outdoor applications; Operates in a wide temperature range (-20°C up to 70°C) VARTA Battery Experts since 1887; Guaranteed high level performance and an extended storage time of up to 10 years

*VARTA AA/Mignon/LR6 and AAA/Micro/LR03 alkaline batteries LONGLIFE Max Power, LONGLIFE Power, LONGLIFE. Performance in average according to IEC norm 60086-2 Ed. 14, 2022-01 vs. former product quality, based on internal testing. ... Alkaline Lithium Zinc Special.

?????. VARTA?????????. ??????????????,????????????????????,???????? ??????,????????????????? ...

Best battery performance combined with a reliable and innovative technology make VARTA rechargeable batteries the best choice for consumers enabling them to contribute to protect our environment and our future. Filter: Size Capacity Features Category. AAA. Micro, LR03. AA. Mignon, LR6. C. Baby, LR14. D. Mono, LR20. 9V. E-Block, 6LP3146.

The Varta lithium cylindrical CR123A battery is a professional lithium round cell with long-lasting, supreme performance. Designed to withstand extreme temperatures while delivering a quick and reliable energy supply. Perfectly suitable for today's modern life and for use in Smart Home & Smart Security devices, it is ideal for cameras, photo flashes, and flashlights.

Varta car batteries are designed to deliver outstanding performance and power. They are engineered to provide reliable starting power, even in extreme weather conditions, ensuring that drivers can depend on their vehicles to start every time.

The Application Specific Batteries (ASB) from VARTA are designed for the use in small and medium sized vehicles like AGV's and forklifts. The Lithium-Ion batteries are modular and expandable and therefore can be adjusted for your application in industries like logistics, agriculture and others. ...

The Solutions segment has extensive industry experience in designing high-performance, safe and on-demand lithium-ion battery packs - for medical technology, robotics, connectivity or telecommunications. ... Lithium-Ion cells: VARTA storage systems have an energy density four times higher than that of lead-acid batteries and a discharge depth ...

For all these needs VARTA offers a wide range of primary Lithium button cell types with a voltage of 3.0 V

Varta lithium batteries

and capacities from 27 mAh up to 560 mAh. Various other battery assemblies with higher voltage or capacities are possible. ... Lithium Cylindrical Batteries Modern metering and security automotive applications like energy meters, water ...

Lithium batteries also work exceptionally well under extreme conditions. VARTA ULTRA Lithium batteries master extremely low temperatures. High-tech devices are supplied with maximum performance and endurance. Up to 38% reduced weight in comparison to alkaline: perfect for sport and outdoor usage. ...

Whether you're a car professional or a driver, you can depend on our VARTA ® Automotive batteries. Silver Dynamic. Supreme starting power for non-Start-Stop vehicles. See Details Blue Dynamic. Reliable performance for medium power needs. See Details Black Dynamic. Best performance for cars built before 2000. ...

24V, 36V & 48V Lithium Battery Modules, scalable from 0.58kWh to 37.5kWh. The Application Specific Batteries (ASB) from VARTA are designed for the use in small and medium sized vehicles like AGV's and forklifts. The Lithium-Ion batteries are modular and expandable and therefore can be adjusted for your application in industries like logistics ...

This even goes well beyond the Central European temperature ranges: The VARTA Ultra Lithium batteries are also usable at extreme temperatures of -40 to +60 degrees Celsius. Thanks to modern battery technologies, the self-discharge is extremely low. Thus, the batteries can be stored for up to 15 years. So there is nothing to say against stocking ...

The premium Varta battery, lithium coin CR2032 is designed to provide reliable power for small electronic devices. Batteries deliver the highest performance for pulse and continuous discharge applications. All Varta Lithium button cells are child-proof packed and meet the highest safety standards. Best quality and duration guaranteed.

VARTA ULTRA LITHIUM 1.5V AA, AAA, and 9V Block. VARTA ULTRA LITHIUM 1.5V AA, AAA, and 9V Block. Primary ULTRA LITHIUM cells for energy intensive applications (1.5V and 9V systems). Ideal for smoke detectors and safety devices. ... Battery Experts since 1887" - VARTA brand quality ensured;
