How big is the Energy Storage Market?

The Energy Storage Market size is expected to reach USD 51.10 billion in 2024 and grow at a CAGR of 14.31% to reach USD 99.72 billion by 2029. [Read...](#)

What is the current Energy Storage Market size?

In 2024, the Energy Storage Market size is expected to reach USD 51.10 billion. [Read More](#)

Who are the key players in Energy Storage Market?

GS Yuasa Corporation, Contemporary Amperex Technology Co. Limited, BYD Co. Ltd, UniEnergy Technologies, LLC and Clarios are the major companies operating in the market.

Which is the fastest growing region in Energy Storage Market?

Asia-Pacific is estimated to grow at the highest CAGR over the forecast period (2024-2029). [Read More](#)

Which region has the biggest share in Energy Storage Market?

In 2024, the Asia Pacific accounts for the largest market share in Energy Storage Market. [Read More](#)

What years does this Energy Storage Market cover, and what was the market size in 2023?

In 2023, the Energy Storage Market size was estimated at USD 44.70 billion. The report covers the Energy Storage Market historical market size for...

The renewable energy investment market is experiencing robust growth, driven by increasing global concerns about climate change, supportive government policies promoting clean energy adoption, and declining costs of renewable energy technologies.

Energy storage technologies are being prioritised in order to improve system resilience and facilitate Italy's energy transition objectives, ranging from lithium-ion batteries to hybrid solar storage systems.

HO CHI MINH CITY, Vietnam, July 3, 2025 /PRNewswire/ -- Vietnam takes a bold step forward in its clean energy transition as the country's largest renewable energy event, Solar & Storage Vietnam 2025, kicks off in Hanoi.

The Daily Sabah highlighted a new report from the International Energy Agency, which found that global energy investments are set to reach \$3.3 trillion, with a record \$2.2 trillion of that going towards renewable energy.

Renalfa IPP, a major renewable energy producer in Central and Eastern Europe, has secured 315 million euros in financing led by the EBRD to accelerate its 1.2 billion euros green investment plan for 2025.
