

# WeChat music ringtones come from NetEasyCloud

notification; 4. New message system notification; 5. Notification bell; ...

You can disable it in [ Me]>[ Settings]>[ Message Notifications] > [ Friends Can Hear My Ringtones When Calling Me]. If you want to assign exclusive ringtones for friends, then you can click [Assign exclusive ringtones for friends] and then ...

What would be ideal is to save your custom M4R ringtone file within your personal music collection on your mac so it will majestically get synced with all of your other non-drm content ...
